

Marco Caffio S.r.l.u.

OFFSHORE WIND STARTS AT THE PORT. WE ARE ALREADY THERE.

MARCO CAFFIO S.R.L.U.

Maritime Agency & Project Logistics — Port of Taranto

OFFSHORE WIND · HEAVY LIFT · PROJECT CARGO · PORT OPERATIONS

WHY MARCO CAFFIO BELONGS IN THE OFFSHORE WIND CONVERSATION

Four concrete reasons why an international operator can rely on a local partner in Taranto.

TARANTO

Operating at the port since 2014, with direct knowledge of its ecosystem.

20+

Vessel calls for discharge of specialised wind-transport frames.

VESTAS EXPERIENCE

Ongoing vessel-agency activity for Vestas export cargoes from Taranto and registered vendor status.

ONE LOCAL INTERFACE

Agency, customs, port services and terminal coordination in one workflow.

We are not approaching offshore wind from the outside. **We are already working where offshore wind meets the port.**

OFFSHORE WIND EXPERIENCE IS ALREADY MOVING THROUGH TARANTO

20+

vessel calls handled
for wind-transport frames

Practical experience at the intersection of **oversize cargo, vessel calls and renewable-energy logistics.**

BUILT FOR COMPLEX AND OVERSIZED CARGO

When dimensions, weight and timing leave no room for approximation, Marco Caffio brings port-side control from first discharge to final loading—with **one team, one plan and no lost handovers**.

01 / RECEIVE

Receiving and discharge under close operational control.

02 / CONTROL

Dedicated storage with constant care for cargo condition.

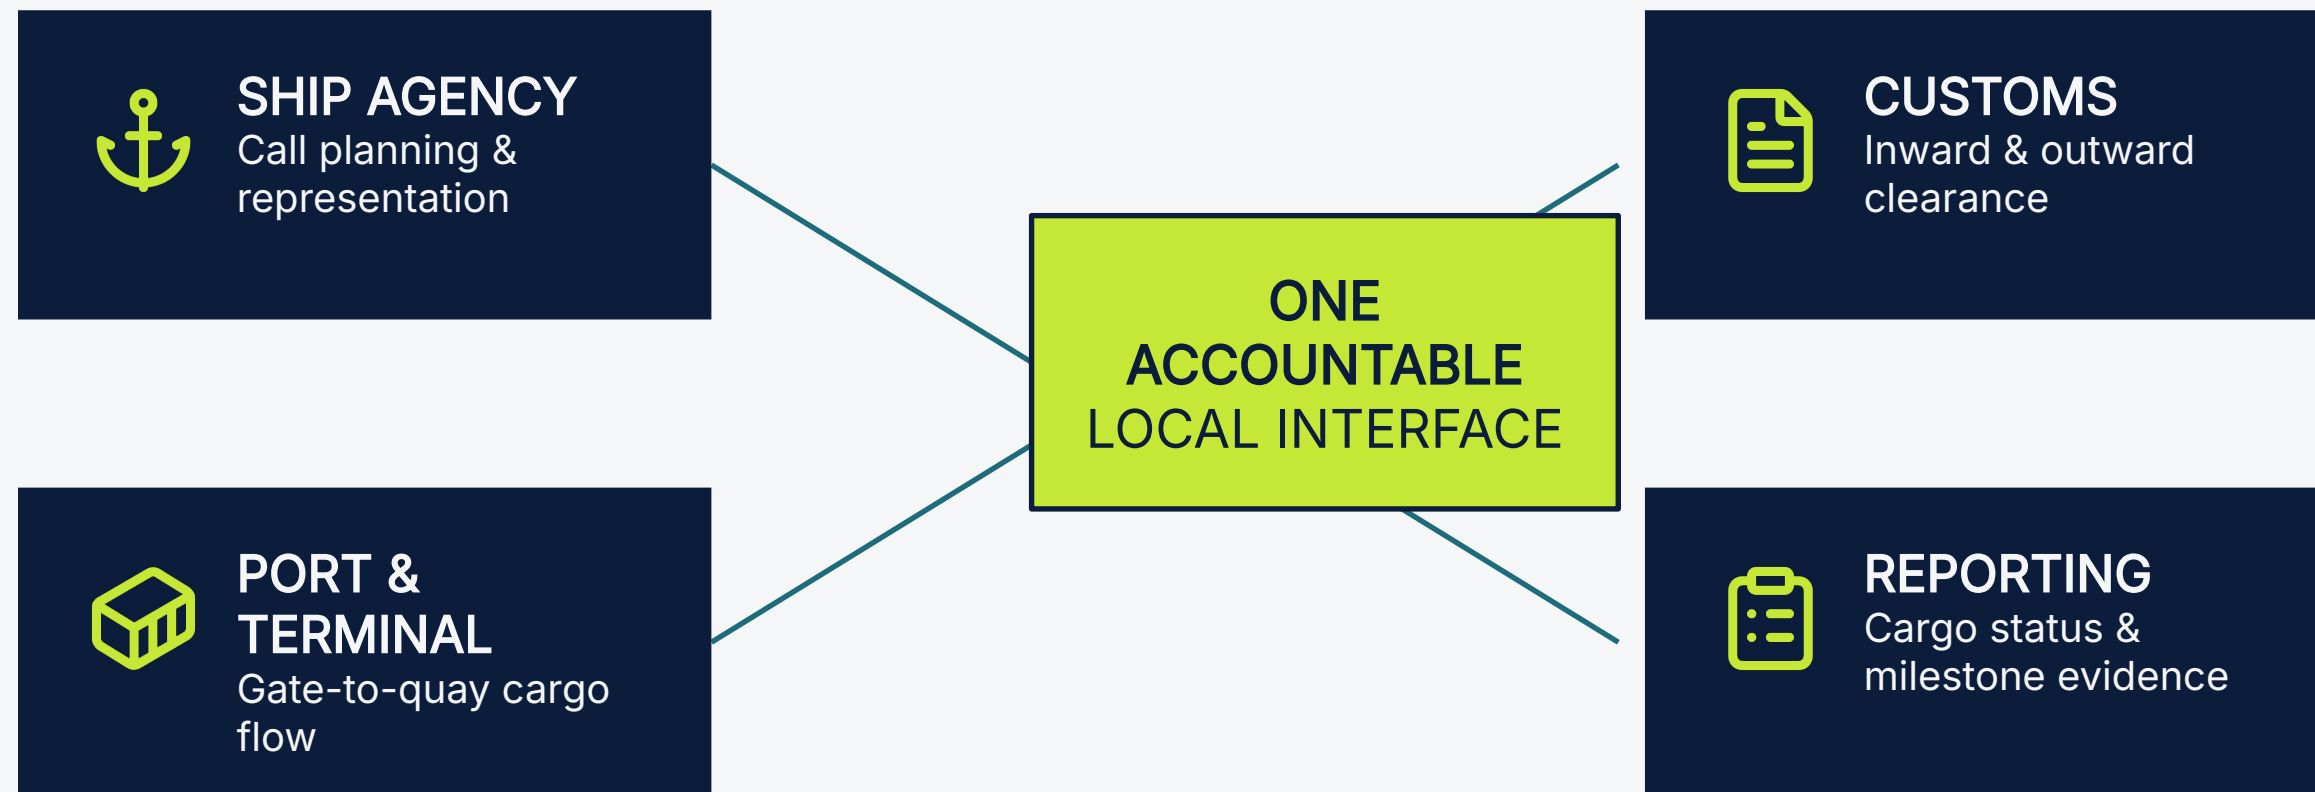

03 / DELIVER

Precise quayside transfer for loading or discharge.

ONE PROJECT. ONE ACCOUNTABLE INTERFACE.

An integrated, closed-loop service package for international operators developing offshore-wind projects through the Port of Taranto.

Fewer handovers. Clearer control. More dependable execution.

LOCAL KNOWLEDGE. INTERNATIONAL STANDARDS.

A quality-led framework supporting transparent, documented and internationally oriented service delivery.

ISO 9001:2015

RINA certification

AEO

Authorised Economic Operator

FONASBA EGO

Certified

Qualified back-office support for customs clearances and cargo documentation.

WHEN CARGO IS CRITICAL, DETAIL IS EVERYTHING.

2022–2026

TECNOMECH PROJECT CARGO / IRAQ

CARGO

Complex shipments of piping and oil-and-gas equipment, coordinated from port call to cargo handover.

CONTROL

Arrival formalities, cargo-condition reporting, delivery evidence and customs procedures—handled with disciplined control across the operating cycle.

ADDITIONAL EXPERIENCE

Laso Transportes — 2024–2025 · Erhardt Mediterraneo — 2025–2026.

LOCAL EXECUTION. INTERNATIONAL STANDARD.

Your operational extension at the Port of Taranto.

COORDINATE

Technical-nautical and port-service providers.

STAY PRESENT

Continuous support for vessel and cargo activities.

EXTEND REACH

Sub-agent network across major Italian ports.

EXPERIENCE ACROSS AN INTERNATIONAL LOGISTICS ECOSYSTEM

Selected organisations across Marco Caffio’s commercial activity in energy, shipping, heavy transport and project logistics.

Trademarks and logos are the property of their respective owners and are used solely to identify organisations named by Marco Caffio; no endorsement is implied.

A FATHER'S LEGACY. A SON'S COMMITMENT.

In 1972, Vincenzo Caffio founded a maritime business in Taranto on a simple principle: excellent service begins when someone takes personal responsibility for every detail.

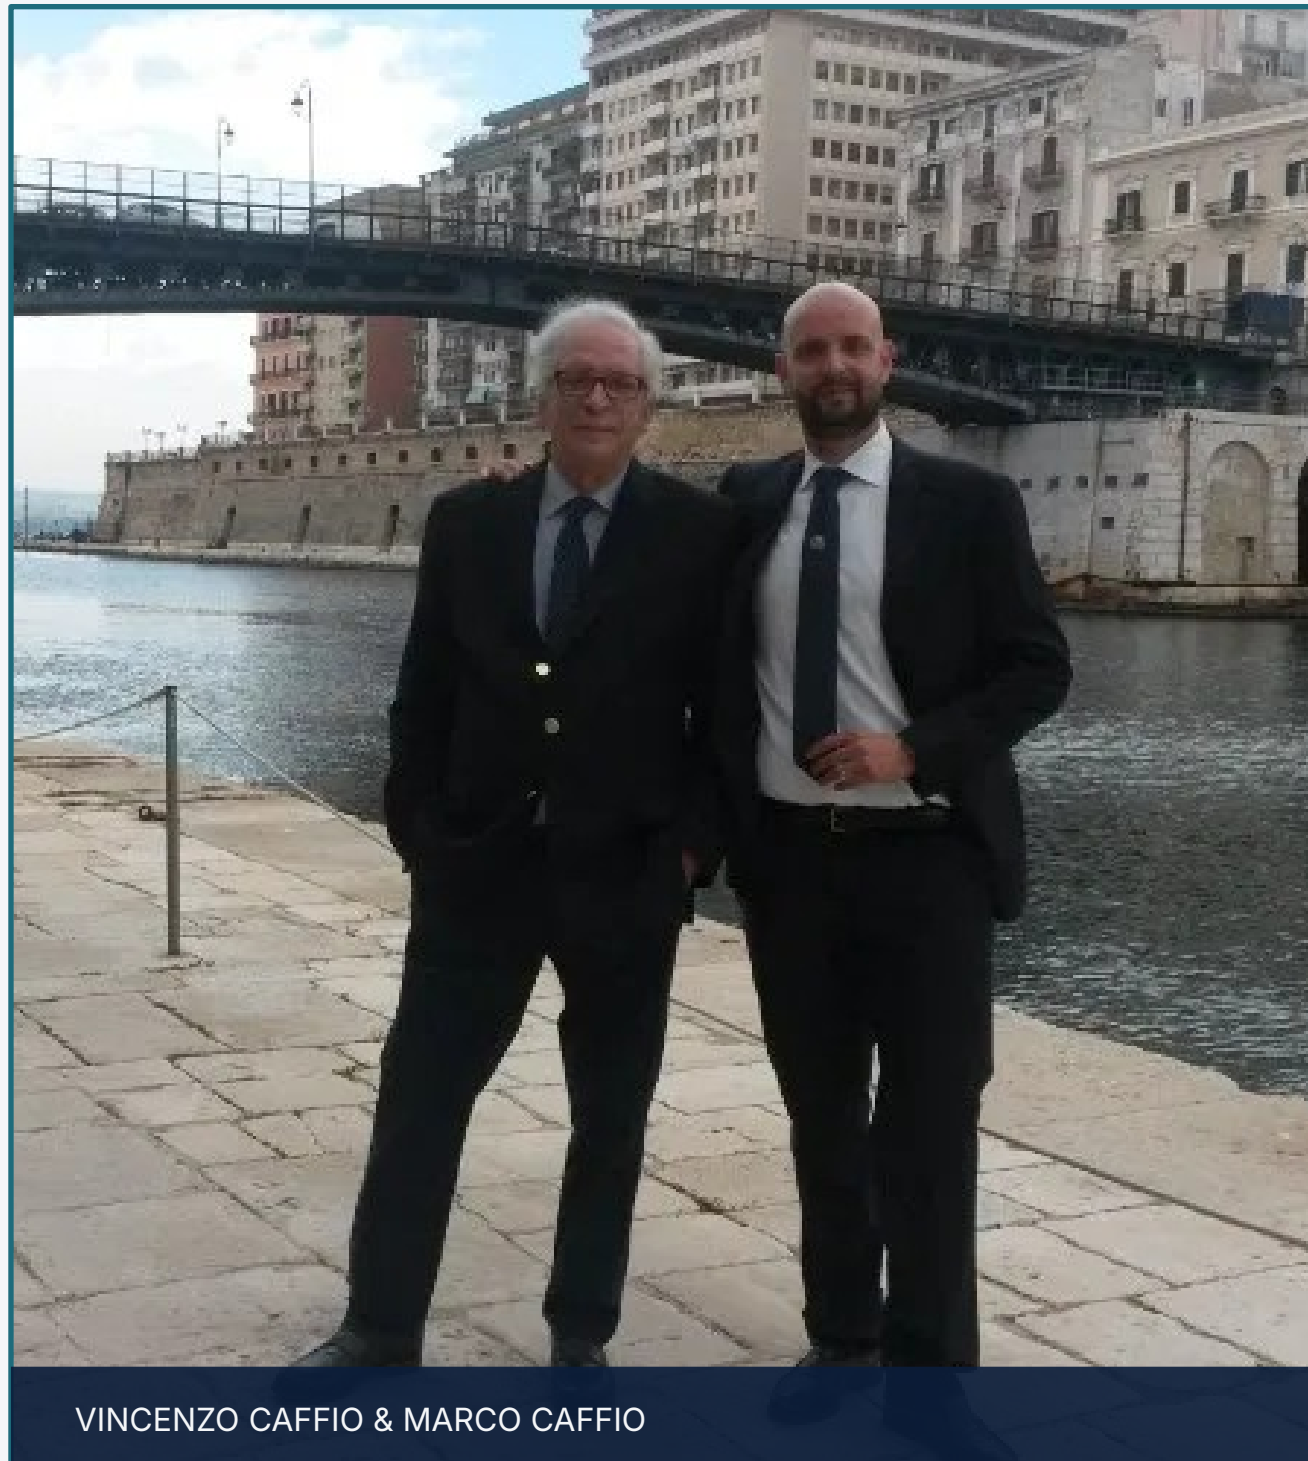

Today, his son Marco leads the company with that same practical philosophy. The cargo is more complex and the operating environment has changed, but the commitment to care, fairness and direct accountability has not.

1972

Vincenzo Caffio founds the business in Taranto.

TODAY

Marco brings the legacy into its next chapter.

VINCENZO CAFFIO & MARCO CAFFIO

PERFORMANCE IS PERSONAL.

WE TREAT THE VESSEL
AND CARGO **AS IF THEY WERE OUR OWN.**

Protecting the details that determine performance at the right cost.

READY FOR THE NEXT OFFSHORE WIND PROJECT IN PUGLIA

Three capabilities that turn local presence into project momentum.

01

HEAVY-LIFT & OOG

Out-of-gauge cargo, storage
and alongside transfer.

02

TARANTO KNOW-HOW

Vessel and cargo operations
built on established local
experience.

03

INTEGRATED DELIVERY

Agency, customs, port and
terminal coordination through
one local interface.

Offshore wind does not need another service provider.
It needs a local partner who can make the interfaces work.

Marco Caffio S.r.l.u.

WHEN OFFSHORE WIND COMES TO TARANTO, **WE ARE ALREADY ON SITE.**

The local maritime and logistics partner for complex vessel calls, project cargo and offshore-wind operations.
